Introduction

The aim of this guideline is to provide a pathway for patients who are unsuitable screening within the Bowel Cancer Screening Programme. This includes patients who have undergone total colectomy, and patients with bowel cancer who are having regular follow-up appointments with a surgical team.

Pathway

Please note that the key documents are not designed to be printed, but to be used on-line. This is to ensure that the correct and most up-to-date version is being used. If, in exceptional circumstances, you need to print a copy, please note that the information will only be valid for 24 hours and should be read in conjunction with the key document supporting information and/or Key Document intranet page, which will provide approval and review information.
