19 th June 2019	Documents extended for 6 months whilst reviewed	Emma Duggan
11 th Feb 2020	Documents extended for 6 months whilst review and approval is processed	Emma Duggan
27 th July 2020	Documents extended for 6 months during COVID-19 period	QGC/Gold Meeting

Introduction

The British Society of Gastroenterology (BSG) recommends that the site of large sessile adenomas removed piecemeal should be re-examined at 2 to 3 months. The BCSP Bowel Cancer Screening pathway allows 3 and 6 month polyp site checks only.

Please note that the key documents are not designed to be printed, but to be used on-line. This is to ensure that the correct and most up-to-date version is being used. If, in exceptional circumstances, you need to print a copy, please note that the information will only be valid for 24 hours and should be read in conjunction with the key document supporting information and/or Key Document intranet page, which will provide approval and review information.

Method

If a BCSP colonoscopist has indicated on the endoscopy report that they would like the patient to undergo a colonoscopy or flexible sigmoidoscopy outside the recommended surveillance period, it must be carried out under the symptomatic service. If this is the case, the SSP must record this information on the BCSS episode notes and email the Consultant, Consultants Secretary and Endoscopy coordinator with the relevant referral details. Advance and close episode on the BCSS. A copy of all emails must be printed to be scanned in to the patients notes. This will not affect the patients follow up on BCSP.
