Introduction

The Bowel Cancer Screening Programme (BCSP) dictates that 100% of patients should be offered a positive assessment clinic appointment within 14 days of the positive FOBt. In order to meet this standard it is necessary to monitor and adjust capacity for clinics in line with the demand from positive FOBts being read.

Please note that the key documents are not designed to be printed, but to be used on-line. This is to ensure that the correct and most up-to-date version is being used. If, in exceptional circumstances, you need to print a copy, please note that the information will only be valid for 24 hours and should be read in conjunction with the key document supporting information and/or Key Document intranet page, which will provide approval and review information.
