APPROVED FOR PUBLICATION BY CLINICAL GOVERNANCE

The main purpose of key documents is to standardise practice and service delivery to reflect the best available evidence thereby reducing unjustified variations, hence improving quality. Having effective, up to date and easily followed key documents minimises risk to patients, employees and the Trust.

Key documents included within this website all comply with the trust governance procedures and the Policy for development, management and approval of key documents. [View Policy](#)

For further information or for assistance with any aspect of this process or website, please contact the NICE and Key Documents Team.
Elaine Chapman, NICE and Key Documents Manager

Specialty Clinical Key Document Page

Please note that the clinical key documents are not designed to be printed, but to be viewed on-line. This is to ensure that the correct and most up to date version is being used. If, in exceptional circumstances, you need to print a copy, please note that the information will only be valid for 24 hours and should be read in conjunction with the Key Document Supporting Information and/or Key Document Intranet page, which will provide approval and review information.

If you find any problems with this website or have any queries, please email wah-tr.SYST-KeyDocs@nhs.net

From here the relevant key documents will be listed for the specialty.

You can also use the search button to search for documents (referred to as assets in the search results) or pages.

Type a keyword into the search button

The screenshot shows the search results page for the 'Worcestershire Key Documents' website. The page has a blue header with the NHS logo and 'Worcestershire Acute Hospitals NHS Trust'. Below the header is a navigation menu with links: 'Home', 'Types of Key Documents', 'Specialty/Department Key Document Pages', 'Trustwide Key Documents', and 'Patient Information'. A secondary navigation bar contains tabs for 'Edit', 'Live', 'Properties', 'Options', 'Interaction', and 'Activity'. Below this is a 'Content' bar with sub-tabs for 'General', 'Scheduling', 'Categories', and 'Metadata'. The main content area is titled 'Search' and shows the results for the query 'thrombolysis', indicating 3 matches found. The results are listed under a 'Page' heading and include:

- [Geriatric Medicine and Elderly Care](#)
Guidelines to prevent and treat Delirium in hospital Guideline for Thrombolytic Therapy (Thrombolysis) in the Treatment of Acute Ischaemic Stroke
Last Modified: 07/02/2019
- [Thrombolytic therapy](#)
