APPROVED FOR PUBLICATION BY CLINICAL GOVERNANCE

The main purpose of key documents is to standardise practice and service delivery to reflect the best available evidence thereby reducing unjustified variations, hence improving quality. Having effective, up to date and easily followed key documents minimises risk to patients, employees and the Trust.

Key documents included within this website all comply with the trust governance procedures and the Policy for development, management and approval of key documents. [View Policy](#)

For further information or for assistance with any aspect of this process or website, please contact the NICE and Key Documents Team. Elaine Chapman, NICE and Key Documents Manager

Elaine.chapman@nhs.net
Ext 38634 DD 01905760596

Ben Payne, NICE and Key Documents Support Officer

Ben.Payne@nhs.net
Ext 36788

If you find any problems with this website or have any queries, please email wah-tr.SYST-KeyDocs@nhs.net

The information included within the key documents is for use by clinical/specialist staff. If you are a patient requiring information, please refer to the relevant patient information leaflets and discuss with your clinician.

Papilloedema

Please note that the clinical key documents are not designed to be printed, but to be viewed on-line. This is to ensure that the correct and most up to date version is being used. If, in exceptional circumstances, you need to print a copy, please note that the information will only be valid for 24 hours and should be read in conjunction with the Key Document Supporting Information and/or Key Document intranet page, which will provide additional information including approval and review dates

Pathway Information
Owner: Dr Heafield
Approval date - 24th May 2017
Review date - 24th May 2019
This is the most current document and should be used until a revised version is in place.
Version: 1.1
[Administration Sheet](#)
Papilloedema is the hallmark of raised intracranial pressure (RICP) and by definition represents a medical emergency.

From here the pathway will be displayed with links to the specific documents.

You can also use the search button to search for documents (referred to as assets in the search results) or pages.

Type a keyword into the search button

The screenshot shows the search results page for 'papilloedema'. At the top, there is a blue header with 'Worcestershire Key Documents' and the NHS logo. Below the header is a navigation menu with links like 'Home', 'Types of Key Documents', etc. The main content area has tabs for 'Edit', 'Live', 'Properties', 'Options', 'Interaction', and 'Activity'. Under the 'Content' tab, there is a search bar and a 'Search' button. The search results show 4 matches found for 'papilloedema' in 0.3 seconds. The results are categorized into 'Page' and 'Asset'. The 'Page' results include 'Papilloedema' (diagnosis and management), 'Neurology' (papilloedema in neurology), and 'Specialty Clinical Treatment Pathways' (clinical key documents). The 'Asset' result is 'Papilloedema image'. At the bottom, there are buttons for 'New Search', 'Refine Search', and 'Search Within Results', and a footer note: 'Page last updated: 26 November 2018'.
