APPROVED FOR PUBLICATION BY CLINICAL GOVERNANCE

The main purpose of key documents is to standardise practice and service delivery to reflect the best available evidence thereby reducing unjustified variations, hence improving quality. Having effective, up to date and easily followed key documents minimises risk to patients, employees and the Trust.

Key documents included within this website all comply with the trust governance procedures and the Policy for development, management and approval of key documents. [View Policy](#)

For further information or for assistance with any aspect of this process or website, please contact the NICE and Key Documents Team.

Elaine Chapman, NICE and Key Documents Manager
Elaine.chapman@nhs.net
Ext 38634 DD 01905760596

Ben Payne, NICE and Key Documents Support Officer
Ben.Payne@nhs.net
Ext 36788

If you find any problems with this website or have any queries, please email wah-tr.SYST-KeyDocs@nhs.net

The information included within the key documents is for use by clinical/specialist staff. If you are a patient requiring information, please refer to the relevant patient information leaflets and discuss with your clinician.

Physiotherapy

Please note that the clinical key documents are not designed to be printed, but to be viewed on-line. This is to ensure that the correct and most up to date version is being used. If, in exceptional circumstances, you need to print a copy, please note that the information will only be valid for 24 hours and should be read in conjunction with the Key Document Supporting Information and/or Key Document intranet page, which will provide additional information including approval and review dates
