

Neonatal Contents Page

A

[Criteria for Admission to Neonatal Unit \(NNU\), Transitional Care Unit and Postnatal Wards at Worcestershire Royal Hospital - Local Guideline](#)

[Neonatal Nursing Procedure for Admission to the Neonatal Unit - Local Guideline](#)

[Management of Asymptomatic Neonates at Risk of Thrombocytopenia - Local Guideline](#)

[Abstinence syndrome - SWMNN](#)

[Arterial line insertion - SWMNN](#)

[Arterial line sampling - SWMNN](#)

[Aseptic Non-Touch Technique Neonates - Local Guideline](#)

[Apnoea of Prematurity - Local Guideline](#)

[Accessory Digits and Facial Skin Tags in Newborns - Local Guideline](#)

[Ano rectal malformation in NNU before transfer to surgical centre -SWMNN](#)

B

[Blood group incompatibilities \(including rhesus disease\) - SMWNN](#)

[Blood Transfusion on the Neonatal Unit - Local Guideline](#)

[BCG Vaccination for Neonates - Local Guideline](#)

[Neonatal BCG Vaccination - Local Guideline](#)

[Bottle feeding in the neonatal unit - SWMNN](#)

[Breastfeeding - SWMNN](#)

[Breast Milk expression - SWMNN](#)

[Breast milk handling and storage - SWMNN](#)

[Bloodspot screening - SWMNN](#)

[Broviac Line Insertion - SWMNN](#)

C

[Guideline for Capillary blood Sampling of Neonates at home - Local Guideline](#)

[Cardiac Murmurs - SWMNN](#)

[Coagulopathy - SWMNN](#)

[CMV - SWMNN](#)

[Conjunctivitis - SWMNN](#)

[Congenital hypotonia - SWMNN](#)

[Cooling in non-cooling centres - referral and preparation of eligible babies for active cooling - SWMNN](#)

[Cot Management and Escalation - Local Policy](#)

[Cannulation - peripheral venous - SWMNN](#)

[Chest drain insertion \(Traditional\) - SWMNN](#)

[Chest drain insertion - Seldinger technique - SWMNN](#)

[Consent - SWMNN](#)

[Chest physiotherapy - SWMNN](#)

[Chronic lung disease - SWMNN](#)

[Continuous positive airway pressure \(CPAP\) - SWMNN](#)

[Cranial ultrasound scans - SWMNN](#)

[Congenital diaphragmatic hernia \(CDH\) - SWMNN](#)

D

[Death and seriously ill babies - SWMNN](#)

[Discharge from Neonatal Unit - SWMNN](#)

[Development care - SWMNN](#)

[Down Syndrome - initial management - SWMNN](#)

[Disorders of sexual development - SWMNN](#)

E

[Environmental Humidity for premature babies - Local Guideline](#)

[ECG Abnormalities - SWMNN](#)

[Environment and noise- SWMNN](#)

[Endotracheal tube \(ETT\) suctioning - SWMNN](#)

[Exchange transfusion - SWMNN](#)

[Extravasation injuries - SWMNN](#)

[Examination of the newborn - SWMNN](#)

[Exomphalus initial management - SWMNN](#)

F

[Follow up of babies discharged from the Neonatal Unit - SWMNN](#)

[Heart Failure - SWMNN](#)

[Neonatal Formulary](#)

G

[Golden hour preterm babies <28 weeks gestation - SWMNN](#)

[Gastro oesophageal reflux \(GOR\) - SWMNN](#)

[Going Home- Nasogastric Tube Feeding](#)

[Going Home on Oxygen](#)

[Growth monitoring - SWMNN](#)

[Gastroschisis - SWMNN](#)

[Guideline for the Safe Use of Gentamicin in Neonates - Local Guideline](#)

H

[Guideline for the initial Neonatal Outreach home visit - Local Guideline](#)

[Hydrops fetalis - SWMNN](#)

[Hypothermia - SWMNN](#)

[Massive haemorrhage - SWMNN](#)

[Subgaleal haemorrhage \(SGH\) - SWMNN](#)

[Environmental Humidity for premature babies - Local Guideline](#)

[Congenital Heart Disease duct dependent lesions \(Including hypoplastic left heart syndrome \(HLHS\) and left sided outflow tract obstructions\) - SWMNN](#)

[Heart Failure - SWMNN](#)

[Hypotension - SWMNN](#)

[Hyperglycaemia - SWMNN](#)

[Hyperkalaemia - SWMNN](#)

[Hypernatraemic dehydration - SWMNN](#)

[Hypoglycaemia - SWMNN](#)

[Hypokalaemia - SMWNN](#)

[Hypothyroidism - SMWNN](#)

[Hepatitis B and C - SWMNN](#)

[Herpes simplex - SWMNN](#)

[Human Immunodeficiency Virus - HIV - SWMNN](#)

[Congenital hypotonia - SWMNN](#)

[Hypoxic ischaemic encephalopathy \(HIE\) - SWMNN](#)

[Post haemorrhage ventricular dilatation - SWMNN](#)

[High Flow nasal cannulae \(HFNC\) respiratory support - SWMNN](#)

[Persistent pulmonary hypertension of the newborn \(PPHN\) - SWMNN](#)

[Hearing screening - SWMNN](#)

[Hip Examination in the Newborn - Local Guideline](#)

[Inguinal hernia - SWMNN](#)

I

[Intravenous fluid therapy - SMWNN](#)

[Immunisations - SWMNN](#)

[Infection \(Late onset\) - SWMNN](#)

[Hypoxic ischaemic encephalopathy \(HIE\) - SWMNN](#)

[Intubation - SWMNN](#)

[Intubation difficult - SWMNN](#)

[Inguinal hernia - SWMNN](#)

[Intra abdominal cysts SWMNN](#)

J

[Jaundice - Local guideline](#)

K

[Kangaroo care - SWMNN](#)

[Vitamin K Prophylaxis for Newborn Babies - Local Guideline](#)

L

[Liver dysfunction in preterm babies - SWMNN](#)

[Upper limb birth injuries including brachial plexus injury - SWMNN](#)

[Long line insertion - \(peripherally sited\) - SWMNN](#)

[Home Oxygen Therapy for Infants with Chronic Lung Disease - Local Guideline](#)

M

[Massive haemorrhage - SWMNN](#)

[Guideline for the Management of a Baby with Meconium Present at Delivery - Local Guideline](#)

[Medium chain Acyl-CoA Dehydrogenase deficiency \(MCADD\) - early management of babies with family history - SMWNN](#)

[Metabolic bone disease - SMWNN](#)

[Multi drug resistant organism colonisation \(MRSA,ESBL\) - SWMNN](#)

[Milk Kitchen Standards- Local Guidance](#)

[Breast Milk expression - SWMNN](#)

[Management of Tension Pneumothorax in Neonates](#)

[Myelomeningocele \(NMC\) - SWMNN](#)

N

[Guideline for the insertion of a Nasogastric tube at home - Local Guideline](#)

[Operational Policy for Neonatal Outreach - Local Policy](#)

[Non-nutritive sucking \(NNS\) - SWMNN](#)

[Nasogastric tube - administration of feed, fluid or medication - SWMNN](#)

[Necrotising enterocolitis \(NEC\) - SWMNN](#)

[Nutrition and Enteral Feeding - Local Guideline](#)

[Neonatal Services Escalation Policy – Local Guidance](#)

[Neonatal Unit Operational Policy- Local Guidance](#)

[Neonatal Formulary](#)

[Nasogastric tube insertion - SWMNN](#)

[Newborn Physical Examination - Conditions to Keep in Mind - Local Guideline](#)

O

[Operational Policy for Neonatal Outreach - Local Policy](#)

[Guideline for the initial Neonatal Outreach home visit - Local Guideline](#)

[Oxygen on discharge - SWMNN](#)

[Oxygen saturation targets - SWMNN](#)

[Pulse Oximetry Screening - Local Guideline](#)

[Oesophageal atresia - SWMNN](#)

P

[Pain assessment and management - SWMNN](#)

[Patent Ductus Arteriosus \(PDA\) - SMWNN](#)

[Pericardiocentesis - SWMNN](#)

[Prostgladin Infusion - SWMNN](#)

[Paediatric Attendance at Deliveries - Local Guideline](#)

[Positioning - SWMNN](#)

[Phototherapy - Local Guideline](#)

[Prescription of Parenteral Nutrition \(PN\) on Neonatal Ward - Local Guideline](#)

[Polycythaemia - Local Guideline](#)

[Palivizumab - SWMNN](#)

[Persistent pulmonary hypertension of the newborn \(PPHN\) - SWMNN](#)

[Pulse Oximetry Screening - Local Guideline](#)

R

[Transport and retrieval - SWMNN](#)

[Guideline for Resuscitation of Newborn Infants - Local Guideline](#)

[Reducing the Risk of Group B Streptococcal Infection - Local Guideline](#)

[Retinopathy of prematurity \(ROP\) - SWMNN](#)

[Routine Examination of Newborn Infants - Local Guideline](#)

[Rectal washout without using syringe method - SWMNN](#)

[Recycling stoma losses via a mucus fistula - SWMNN](#)

S

[Subgaleal haemorrhage \(SGH\) - SWMNN](#)

[Sudden unexpected postnatal collapse in first week of life - SWMNN](#)

[Supraventricular Tachycardia - SMWNN](#)

[Syphilis - babies born to mothers with positive serology - SWMNN](#)

[Seizures - SWMNN](#)

[Skin biopsy for inborn errors of metabolism - SWMNN](#)

[Skin care - SWMNN](#)

[Surfactant replacement therapy - SWMNN](#)

[Stoma management \(gastrointestinal\) - SWMNN](#)

T

[Transport and retrieval - SWMNN](#)

[Thermoregulation for Newborn Infants in Neonatal/Special Care Units - Local Guideline](#)

[Supraventricular Tachycardia - SMWNN](#)

[Thyroid disease \(management of babies born to mothers with thyroid disease\) - SMWNN](#)

[Thrombocytopenia - SWMNN](#)

[Tuberculosis \(investigation and management following exposure in pregnancy - SWMNN](#)

[Transillumination of the chest - SWMNN](#)

[Asceptic Non-Touch Technique Neonatas - Local Guideline](#)

[Management of Tension Pneumothorax in Neonates](#)

U

[Sudden unexpected postnatal collapse in first week of life - SWMNN](#)

[Umbilical Cord Clamping - Local Guideline](#)

[UAC - SWMNN](#)

[UVC - SWMNN](#)

V

[Vascular spasm and thrombosis - SMWNN](#)

[Venepuncture - SWMNN](#)

[Volume Targeted Ventilation - Local Guideline](#)

[Ventilation: conventional - SWMNN](#)
