

## **Paediatric Oncology Services Policies**

These policies have been devised by the Oncology/Haematology Department from Birmingham Children's Hospital.

Birmingham Children's Hospital is the Principle Treatment Centre for children and young people treated for malignant diseases within Worcestershire Royal Hospital NHS Trust, and therefore their Policy and Procedures are followed.

Tasmin Aston, Lead Cancer Nurse at Birmingham Children's Hospital, has given written permission for these policies to be placed on the Worcestershire Acute Hospitals NHS Trust website.

These policies are primarily for the management of paediatric oncology patients receiving shared care with Birmingham Children's Hospital; their use in other settings must be agreed by the patient's supervising consultant.

**Dr Baylon Kamalarajan, Consultant Paediatrician**

**Dawn Forbes, Children and Young People Oncology Nurse Specialist**
